

Schedule of Accreditation  
 General Administration for Quality Testing Laboratories of Equipment and Vehicle Spare Parts  
 General Organization for Export & Import Control (GOEIC)  
 Cairo Airport – Cargo Village, Cairo, Egypt

Schedule No.: 208013B 1<sup>st</sup> Accreditation date: March 1, 2010 Issue (4): March 1, 2018 Revision No. ( - ) : - - Valid to : October 31, 2020

Materials / Products Tested	Types of Tests / Properties Measured / Range of Measurements	Standard Specifications / Techniques Used / Main Devices
Fuel Filters	Collapse/burst test of the filter element	ES 1125:2007 (Clause 5/6) Collapse/burst test of the filter element Station Type: 600 Code:2
<b>Oil filters testing laboratory</b>		
Oil filters for internal combustion engines	Hydrostatic pressure test	ES 8030-6:2016 ISO 4548-6:2012 - Hydraulic pressure tester SN.: G15-85
	Differential pressure drop/flow characteristics test through the filter	ES 8030-1:2016 ISO 4548-1:1997 - Pressure drop tester SN.: 9303-8816 flow characteristics tester - LU6500-class A4 Model: 3 To 30.3 L/min - LU6500-class B4 Model: 5 To 57 L/min - LU6500-class 133 Model: 57 To 133 L/min - LU6500-class 400 Model: 133 To 400 L/min
