

**Schedule of Accreditation**  
**Issued to**  
**SEGA.M Laboratory**  
**SEGA.M Company for Electrical Products**  
 A3 Industrial Area  
 10<sup>th</sup> of Ramadan - Egypt

Schedule No.: 21400.3B Issue No.(1): August 14, 2014 1<sup>st</sup> Accreditation date: (-) Revision No.(1): June 17, 2015 Valid to: August 13, 2018

Materials/ Products Tested	Types of Tests/ Properties Measured / Range of Measurements	Standard Specifications / Techniques Used
Electrical Equipment not exceeding 72.5 KV	Evaluation of the degree of protection provided by enclosures	<p>Water flowmeter                      Manufacturer: RS                      Code: CL3-1                      S.N: 511-3892</p> <p>Pressure gauge                      Manufacturer: Pakkens                      Model: EN837-1                      S.N: 01</p> <p>Dust Chamber                      ML5</p> <p>Suction regulator                      18.04.07-1468</p>
Non Magnetic Coating on magnetic basis metals	Measurement of coating thicknesses	<p>Coating thickness gauge                      Manufacturer: Elektrophysik                      Model: Mini Test 600B                      S.N: 22301</p>
