

Schedule of Accreditation
Issued To

Laboratory for testing plastic pipe, fitting systems and plastic materials
Egyptian German Industrial Corporate (EGIC)
6th October; 4th Industrial zone plot 27,28

Schedule No.: 216001 Issue No. (1): November 11, 2016 1st Accreditation Date : November 11, 2016 Revision No. (1): November 27, 2017 Valid to: November 10, 2020

Materials / Products Tested	Types of Tests / Properties, Measured/Range of Measurements (%)	Standard Specifications / Techniques Used
Polyolefin pipes, fitting	Measuring of the outside diameter, thickness, ovality & length	Digimatic Caliber Model :Marcal 18ESA S.N:020481026
	Measuring of heat reversion	Drying oven Model:Heraeus S.N:50042297
	Applying hydrostatic pressure test	Hydrostatic Pressure Tester Model 1586-0212, S.N308237
	Pendulum impact test	Pendulum Impact Tester Model B5113E, SN:152469/2001
	Measuring of Yield strength and elongation at break.	Tensile Tester Model Testometric, S.N33084
Raw material	Measuring of melt flow rate	Melt Flow Rate Equipment S.N:308212 Balance S.N 23203395
